ability to more than \$2,000,000,000," be The Colorado Senator suggested it would be a "most wholesome example" if Congress would begin a little economy on its own account.

The speech of Senator Capper was more than timely. It dealt in a manner not often heard in Congress with fundamental facts on which The Privening World has been hammering

way for a long time. The Kansas mator did not deal in the generali-Dige in which Congressional discusons abound. Instead, he did not sitate to name many of the large porations which have played so ge a part in the orgy of greed that (Spe resulted in such mass protests as overalls movement,

2875 Smart New Hats

regularly 6.95 to 10.00

Now Priced Below the Cost of Making

These Hats would have cost us considerably more if we had purchased them in the regular way. But we didn't. Owing to the shipping difficulties and embargoes of the past two weeks many

Western stores cancelled large orders for Hats. This caused a great accumulation, which we were able to take over at decided price concessions.

Large, medium and small size Hats in every fashionable style, adorned with gay flowers, ribbons or ostrich, though some are severely tailored. Special attention has been given to color and finish. Every wanted Spring shade as well as Black. Many styles in addition to those illustrated.

There are youthful off-theface styles, models with jaunty side rolls, pokes, mushroom models, and roll-brim sailors. Some have brims of Georgette Crepe, others are of solid straw or have crowns of Lisere or Milan Hemp and brims of haircloth.

Particularly smart are models with brims of plaited Ribbon, also jaunty styles with brims of Taffeta and crowns of row-androw Hemp. Matrons' Hats with side-roll edged with maline are most desirable.
